

■ What is in your FISH Account?

The flip-side of receiving is giving. We all have unique things to contribute – Time, Talent, Treasures and Ties. Everyone values these assets differently. At different points of time in our lives we have different assets available to us to share. One way to look at these assets is as a set of “accounts.” We call these the FISH accounts.

Financial: Property, assets, financial instruments, businesses, partnerships and trusts

Intellectual: Education, communication, decision making ability, mentorship, supporting others, career decisions

Social: Network within family and within community/ philanthropy

Human: Talents, education, parenting, values, and spirituality

SELF-REFLECTION - THE 4 T's

Complete the following chart by identifying the different TIME, TALENT, TREASURES AND TIES that are available to you. Highlight the ones that are easily accessible and readily available to share.

TIME	TALENT	TREASURES	TIES
